PROFILE

Curious and open-minded Junior Web Developer from Argentina, 20 years old, eager to learn, listen, and acquire new experiences. Known for adaptability, problem-solving, and teamwork, with a basic level of English and native Spanish proficiency.

WORK EXPERIENCE

Junior Web Developer (Freelance Projects)

- Interactive Horror Website Project (2024)
Designed and developed a horror-themed website featuring user-generated stories, a comment system, and interactive functionalities for registered users. Customized styles using HTML, CSS, and JavaScript, achieving a dark and engaging design.

Digital Marketing Intern (Personal Projects)

- Social Media Campaign for Portfolio (2023)
Created and managed a content strategy to promote personal projects on social media, utilizing Google Analytics and Photoshop. Achieved significant growth in post reach and engagement.
